

SHORT TERM COURSE ON  
**MOLECULAR  
BIOLOGY &  
BIOINFORMATICS**

 30 Hours

 Begins 10 Aug. 22

 INR 2000/-

**Department of Biotechnology**  
**Faculty of Engineering & Technology**  
**Circular**

**Dated: 05.07.2022**

The Department of Biotechnology, Faculty of Engineering and Technology, Rama University took the initiative to spread the Skill of Molecular Biology and Bioinformatics to motivate students by organizing a short term course. It will include interactive sessions; detailed practical practices, team to undertake building exercises for students to generate ideas and identify their strengths in the area of molecular biology and bioinformatics, etc. All students whether from Biotechnology engineering, Life sciences , biotechnology or other background are invited to take part in the course. The participating students will be honored with certificates of participation of Department of Biotechnology, Faculty of Engineering and Technology, Rama University.

NOTE: 1) Registrations open.

2) Venue- Department of Biotechnology, Faculty of Engineering and Technology, Rama University.

3) Deadline to Register- 10 Aug 2022

4) Course Date- 16 Aug to 27 Aug 2022

5) Timings – 10 AM TO 1 PM

For more details, contact Ms Priyancka Arora (7666954319). All students interested in illuminate can contact team on above contact numbers.

## **SHORT TERM COURSE ON MOLECULAR BIOLOGY & BIOINFORMATICS**

### **About the course:**

Molecular Biology and Bioinformatics is fast emerging as a leading lucrative area of research. The emerging industries need capable molecular biologist cum bioinformatician who know practical aspects of molecular biology techniques and can successfully provide high-quality support for the development of drugs, diagnostic tools. To ensure this, the department of Biotechnology is offering a short-term course on Molecular Biology and Bioinformatics.

The aim of this course is

- To get an idea about the importance of Molecular Biology & Bioinformatics.
- To gain both theoretical and practical knowledge with good laboratory practices.
- To acquainted with different diagnostics and drug development industries and their quality sector.
- Successful training will help the students to obtain job in respective sector.

The curriculum has been designed carefully with the help of industry experts and covers comprehensive knowledge of the subject and lab skills.

**DURATION:** 30 HOURS

**COURSE FEES:** INR 2000

### **ACCOUNT DETAILS:**

Account Holder Name: RAMA UNIVERSITY UTTAR PRADESH

Account Number: 696820110000037

Account Type: CURRENT ACCOUNT

IFSC Code: BKID0006968

**INSTRUCTORS:** Dr. Ajay Kumar and Er. Priyaneka Arora, Department of Biotechnology, FET, Mob: 7666954319; Email: drajay.fet@ramauniversity.ac.in

**ELIGIBILITY:** Minimum Qualification is undergraduate in biotechnology, biological sciences, agricultural sciences and allied sciences.

[B.Tech. Biotechnology/ Food Technology/ Biochemical Engineering/ Biomedical Engineering, B.Sc.Biotechnology/Biology/Agriculture Sciences, M.Sc.Biotechnology/Biochemistry/Microbiology/Life Sciences/Zoology/Botany/Agriculture Sciences etc.]

**COURSEWARE:** Course material is provided in printed / electronic form.

**MODE:** Classroom + Lab.

**EVALUATION SYSTEM:** A 100 mark each paper (50 marks Internal and 50 marks external) Score at least 40% to pass.

**BATCHES 2022:** Batches Start: 16th August 2022-30<sup>th</sup> July.

(Application start date: 15<sup>th</sup> July 2022-30<sup>th</sup> July). Limited seats are available; registration will be first come first serve bases.

**MINIMUM AGE:** No bar

**MAXIMUM AGE:** No bar

**EMPLOYMENT OPPORTUNITY:**

Today, various molecular biology techniques are required by several diagnostics industries. Molecular and Cell Biologists find employment opportunities in research labs established by Government of India or in the R&D departments of various private drug companies. They can work on developing therapeutic drugs to working on stem cell research and in many other areas within the medical development field.

**TARGET AUDIENCE**

- Pathology Lab Employee
- Personnel from Industry
- Personnel from Academic fields
- Students and faculty of Agriculture

- Students and faculty of Biotechnology

### COURSE CONTENT

- Methods of Isolation of Genetic material from Plants, Animals and Bacteria.
- Methods of quantification of nucleic acids & Analysis of genetic material,.
- Structure and function of mRNA, rRNA, tRNA
- Regulatory agencies, handling & storage of chemicals, reagents, microbial specimens and its preservation
- Laboratory Safety, Molecular Biology Laboratory Equipments, Measurements, Solutions, & Calculations
- DNA Restriction & Nucleic acid analysis,
- Immunology techniques like DOT ELISA and Double Diffusion.
- Nucleic acid amplification and Sequencing, Nucleic acid Hybridization & Expression analysis, Molecular Cloning
- qPCR
- Protein Expression, Protein detection and analysis, Protein Purification Techniques

### **Bioinformatics**

- Introduction to Biological Database (Gene Bank, EMBL, DDBJ, SWISS PROT)
- Sequence Analysis; Methods for sequence alignment.
- Dynamic programming algorithms,

- NCBI, Analysis of sequence alignment of given protein sequence.
- Analysis of sequence alignment of any given gene sequence.
- Analysis of Multiple sequence alignment of given protein sequences.
- Phylogenetic analysis of given protein sequences.

### **Lab Skills**

- Handling of laboratory instruments used in molecular biology (Autoclave, LAF, Microscopy, Oven, UV Spectrophotometer etc).
- Genomic DNA Isolation from Plant, Animal tissue, Bacteria.
- Plasmid DNA Isolation.
- Nucleic acid and Protein Quantification.
- Nucleic acid and protein analysis (Agarose gel electrophoresis & SDS PAGE)
- Gel Documentation
- DNA Amplification (Polymerase Chain Reaction)
- Restriction Endonuclease Digestion of DNA.
- Primer Designing for Expression
- Reading frame Preparation,
- Unknown Sequence BLAST, and Homology Modeling
- Submission of DNA or Protein Sequence Data in Databank.
- Phylogenetic analysis of given sequences

### **COURSE OUTCOME:**

Molecular Biology is a broad sector and students (participants) will develop skills in molecular biology for getting job in industry and governmental Research and development sector.

**VALUE ADDED:** SEMINAR – (Course Review & Assessment)

**CERTIFICATE:** Certificate will be provided after completion of course.

**Rama University , Kanpur**

**Subject: Regarding issue the short term certificate on “Molecular Biology and Bioinformatics**

Dear Sir,

This is to inform you that Department of Biotechnology has conducted the short term course on “Molecular Biology and Bioinformatics”, from 16<sup>th</sup> August’22 to 31<sup>st</sup> August’22. 15 students participated in this course which also includes students from other colleges. I, hereby, request you to issue certificates to the students.

I am attaching award sheet of assessment results and attendance percentage of the students.

Thanking You

Dr. Ajay Kumar  
HoD Biotechnology

## SHORT TERM COURSE CERTIFICATE LIST

### Course on Molecular Biology & Bioinformatics

Sl.No.	Faculty	Department	Candidate Name	Certificate No.
1	Faculty of Engineering & Technology	Biotechnology	Divyansh Verma	1198

**Subject: Regarding issuance of incentive of short term course of “Molecular Biology and Bioinformatics**

Dear Sir,

With reference to the short term course on “Molecular Biology and Bioinformatics”, organized by Department of Biotechnology on 16<sup>th</sup> August’22 to 31<sup>st</sup> August’22 for 39 hours, please provide the incentives to the coordinator, Ms. Priyancka Arora, Assistant Professor, of the course. Since 15 students participated in the course, total collected amount is Rs. 30,000. I am attaching the verification of the money received by the accounts department, along with this letter.

Thanking You
